

What is the Northern Lakes Impact Center?

The Northern Lakes Impact Center is a non-profit organization committed to providing the very best training for our clients at a reasonable cost. We believe that access to organizational development resources should not be limited only to companies with large budgets.

What makes Northern Lakes different?

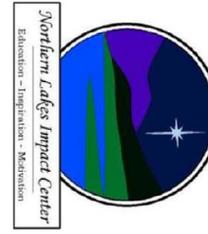

The Northern Lakes Impact Center does not believe in “one size fits all” programming. Instead, we offer a wide range of activities that can be customized to meet your specific team’s needs.

What will my team encounter?

Outcomes for teams will vary depending on the program(s) selected. In general, all participants will have the opportunity to experience:

- Creative Problem-Solving
- Group / Peer Acceptance
- Hands-On, Interactive Programming
- Improved Interpersonal Communication
- Increased Self-Esteem
- Personal Goal-Setting
- Understanding Limitations (Real or Perceived)
- Success

“Individual commitment to a group effort - that is what makes a team work, a company work, a society work, a civilization work.” - Vince Lombardi

Challenge Your Team

High Ropes / Zip Line

If you are ready to take your team's skills to a whole new level, then we have the program for you! Through our High Ropes Course program, participants learn to work together to reach new heights, literally! Obstacles average **30 feet off the ground** and are designed to challenge the team as well as the individual. Secured by mountain climbing gear, participants will only succeed by working together in this exciting Ropes Course!

Climbing Tower

What is your goal, and more importantly, what steps do you take to get from Point A to Point B? All of these questions can be answered through the Climbing Tower. Participants are encouraged to **set their own personal goals** and, through **group encouragement** and **support**, accomplish them! We discuss goal setting and how we work to achieve them. This activity is especially relevant for anybody who wants to **see their team grow**.

Grow Your Team

Initiatives and Low Ropes

Designed to promote group teamwork by developing the 3 C's critical for any team: **Communication**, **Cooperation**, and **Caring**, our skilled Facilitators will evaluate your group and, through careful sequencing of both physical and mental obstacles, help them to develop into an effective team. With over 25 obstacles and literally hundreds of "Initiatives", we can guarantee you will never have the same experience twice!

What Outcomes Can You Expect?

Feedback from our clients indicates that the teambuilding experience created an environment where;

- Discussions were honest and compassionate.
- Participants felt heard, supported, and accepted by their supervisors as well as their peers.
- People were able to communicate their true needs and engage fully in the conversation.
- Problems were defined.
- Solutions were created.
